The Secretary of the Treasury will certify to the receipt of the money, when the Secretary of State will give his receipt for the United States to the British government. In this way any dis-turbance of exchanges will be avoid-ed, and the law, which requires the money to be invested, will plied with.

On the 4th Prof. Lamountaine, who was making a balloon ascension at Ionia, Michigan, fell from his balloon and was instantly killed. He had as-cended five or six hundred feet, when the balloon collapsed, the ropes passed from under the basket, and the Professor came down a hundred feet from where he ascended, to the hor-ror of ten or twelve thousand sepecta-

The Northern Pacific Hailroad Company having determined to close its 2300 First Hertage
field Lean at an aggregate not exceeding
thirty million decliars, and thereafter to
pay no higher rate of interest than 6 per
cent, on further issue of its bonds, the limiled remainder of the 7 3-10 loan is now being
disposed of through the usual agencies.

As thebonds of this issue are made recelvable in payment for the Company's
lands at 1 19, they are in constant and increasing demand for this purpose, and will
continue to be after the loan is closed—a
fact which much enhances their value and
attractiveness as an investment.

attractiveness as an investment.

The Company has more than 500 miles of its road built and in operation, has earned title to nearly ton million acres of its land grant, and sales of land have thus far averaged 5 65 per acre.
